BIG CROWD TO BE AT HEARING ON RENTS

New York Central Will Provide Two Special Trains to Albany To-day.

MAYOR HYLAN TO ATTEND

City Officials and Labor Leaders Will Support Boylan-Donahue Measure.

The New York Central Railroad made arrangements yesterday for the transportation of 1,800 persons from New York to Albany to-day for the bearing before the joint cities committee of the Legislature on the bills framed to reduce rent profiteering. Interest in the bills is Statewide and the New York city visitors will be only a part of the rowd that will go to the Capitol.

There will be two special trains from this city. There will be a second section of the Empire State Express, leaving the Grand Central terminal at 8:30 o'clock this morning. The other special train will leave at 9:30 o'clock. Mayor Hylan will lead a group of city officials. The Central Federated Union will send a large delegation. Tenants are ex-pected to number 1,000 and the United Real Estate Owners Association hope o assemble 700 landlords at the hearing.

City officials and labor leaders have decided to concentrate their efforts in support of the Boylan-Donahue bill which provides that Municipal Court Justices shall have power to determine what constitutes a fair rental in a giver ase and the rental so established shall e in effect for one year.

Arthur J. W. Hilly of the Mayor's commission on Rent Profiteering will dvocate the Boylan-Donahue bill as the one measure, based on the experice gained by the commission in handling 44,000 cases in a year, that promises to give immediate relief to tenants. He said yesterday the bills that attempt to fix the percentage of the owner's reurn would be unfair to the large class of enants whose rentals have had only a nominal increase. Mr. Hilly added that he Boylan-Donahue bill would transfer o the courts the powers now exercised without express authority by Mayor's committee.

Mr. Hilly said that complaints from nants in the more expensive apartents are increasing. He explained a complaint from tenants in the building at 640 Riverside Drive, where, if the figures compiled by a tenant are accurate, the owner is trying to insure a profit during the year beginning on Oc

tober 1 of \$77,840 on an equity of \$20,morrow. The owner of the building is the Alabama Holding Corporation. The agents are Newmark & Jacobs, The assessed valuation is \$785,000 and the mortgages total \$765,000, according to Mr. Hilly, who said that tenants have been notified to declare by April whether they will renew on October on a basis of \$30 a month for each room. The present rate is \$15.

The United Real Estate Owners As ociation at a meeting last night at the Hotel Astor took up newspaper reports of a meeting of landlords held on Sunday at the same place. Some of the speakers were forceful in reaffirming what had occurred at the first meeting Others were apologetic. It was declared for John Becker, whose statement that "we want all the income we can get" was regarded as expressing the attitude of many landlords, that he has not raised rents in his apartment houses more than ten per cent.

Two resolutions were adopted. One declared the opposition of the association all of the forty-six bills pending at Albany, The other declared that the association will support the Black bill, which provides for oral leases, provided "it is amended to do equal justice beween landlord and tenant."

Stewart Browne, president, appointed a committee to lead the opposition to the bills at to-day's hearing. It is composed of L. Victor Well, Dr. Henry W. Berg, Harold M. Phillips, Henry Bloch, Ira J. Ettinger, Isaac Hyman, Peter Cappell and Mr. Browne. The committee will oppose the bills on

tional in that they will operate to conlaw. It will be urged that profiteering n not a general practice and that real estate for years, as a general thing, has ot earned a fair return on the invest-

Every Woman

If economic conditions were re-versed and women were the bread-winners instead of men, there would be a heap sight less misery and sorrow, owing to women's highly developed instinct to pro-tect and provide for her loved ones. As matters stand now, seventy-five per cent. of all widows are left withper cent. of all widows are left with-out means to provide for their comforts. Unpardonable, but facts neverthe ess, which proves that we are far from perfect,—but we are improving. Here's a safe, sane, econom.cal way out. FORD WILL FIGHT FOR SENATE SEAT Prompt Inquiry Into Newberry's Fitness Is Urged.

secial to THE SUN AND NEW YORK HERALD. WASHINGTON, March 22.-Henry Ford will make a more determined fight than ever over the seat of Senator Newberry (Mich.) following the conviction of the Michigan Senator. It became known today that Alfred Lucking, attorney for Mr. Ford, wrote a letter on March 17 to Senator Dillingham (Vt.), chairman of the Committée on Privileges and Elec-tions, as the Newberry case was near the end, but before the verdict was as-sured. Mr. Lucking asked that the ommittee open and hurry the inquiry.

The committee will hold a meeting to orrow to map out its programme o investigation, upon which it will base its report to the Senate whether Mr Ford should be seated in the place of Mr. Newberry. The apparent intention of Senator Newberry not to resign makes the action of the Senate committee of paramount importance. The Ser ate may decide that, regardless of Mi Newberry's fitness to hold his seat, M: Ford was not legally elected. The Republican Governor of Michigan then wil
